RE: Reconnaissance Level Characterization Report (RLCR) for Building 131, B130 Administrative Section, and B130 Cafeteria Section – Concurrence

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed the RLCR for Building 130 Administration & Cafeteria and Building 131, Revision 0 dated April 21, 2003. Based on the information contained in the RLCR we are hereby concurring with the determination that Building 131, the Administrative section of B130 and the Cafeteria section of B130 are Type 1 Facilities.

In addition, since these facilities are still being used, a minimal investigation may need to be performed to confirm that contamination of these facilities has not occurred prior to initiating demolition activities. This is of particular concern with B130 if the Warehouse section of B130 is not characterized as a Type 1 Facility. This final investigation should be coordinated with us utilizing the consultative process.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

Steven H. Gunderson
